

How to Assemble Gift Bags

If you notice we are running low on the gift bags we give to Ultrasound clients, please make some more before we run out.

We use large white bags for gift bags; they are in the conference room.

The supplies for the bags are in the back room of the Blessing Boutique. There should be a checklist of items we put in the gift bags in the room. The items are:

- Newborn Diapers
- Wipes in Container
- 1 Newborn or 0-3 Months outfit
- 2 toiletries (i.e. shampoo, lotion, powder)
- 1 handmade quilt
- 1 receiving blanket
- 1 Bible (located in conference room; insert business card)
- Bibs or Socks or Washcloths
- Q-tips
- Rattle/Teething ring
- Stuffed animal/ toy
- Package of tissues
- Parenting Packet

Once the bag is filled, circle the appropriate choice at the bottom of the form (whether the bag is for a girl, boy, or neutral) and staple the checklist to the bag. The completed gift bags go on the top shelf of the Diaper closet in the main building. Please take the checklist off the bag before you give it to a client.
